## **PETS**

Please make sure that all dogs are on a leash and under Owner control when outside of the home. Please also make sure that all pet waste is properly cleaned up so that the grounds are clean and sanitary for all to use.

## **COMMUNITY CONCERN**

Please be aware that Residents in the Community have had interactions with a homeless man who has insisted in entering Residents Units. Please be cautious and contact the authorities if needed.

## **PARKING**

The extra parking area is for Visitors. Owners should be parking in their Unit garage and driveway and not in the extra parking area. Please keep this area open for guests that come to visit.

## **FLOWER BED CLEAN UP**

Spring is finally here! This also means it's time to clean up landscaping, including Owners making sure that there flower beds are cleaned up. Please make sure that all flower beds are weeded (including lawn that creeps into flower beds), raked, flowers cleaned up and pulled if needs be, and top soil is added to flower beds that are low. It is recommended to add top soil at least every couple of years to keep levels up and soil rich and nutrient for plants, flowers and bushes to thrive. All flower beds should be initially maintained before the Board Landscape Inspection in June and then continue throughout the season.

Any Owner that does not wish to maintain their flower bed or are unable for any reason should obtain the service of someone, to care for your flower bed. If you need assistance in finding someone to care for your flower bed please contact Kaitlyn 801-773-1777 and she will assist you in finding someone.

## **Request or Concerns**
