FLOWER BED CLEAN UP

Spring is finally here! This also means it's time to clean up landscaping, including Owners making sure that their flower beds are cleaned up. Please make sure that all flower beds are weeded (including lawn that creeps into flower beds), raked, flowers cleaned up and pulled if needed, and top soil is added to flower beds that are low. It is recommended to add top soil at least every couple of years to keep levels up and soil rich and nutrient for plants, flowers and bushes to thrive. All flower beds should be initially maintained before the Board Landscape Inspection in June and then continue throughout the season.

Any Owner that does not wish to maintain their flower bed or are unable for any reason should obtain the service of someone, to care for your flower bed. If you need assistance in finding someone to care for your flower bed please contact Kaitlyn 801-773-1777 and she will assist you in finding someone.

FLOWER BED SOIL

If you would like to have top soil delivered &/or laid in flower beds, please contact Kaitlyn at 801-773-1777 or email at kaitlyn.goldenspike@gmail.com for an estimate.

BUSH TRIMMING

If you do not wish to have your bushes trimmed by the landscaper, please contact Kaitlyn so that she can coordinate with the vendor. If you were on the no trim list from 2022 you will continue to be on the no trim list this year. Please also contact Kaitlyn if you would like to opt back into bush trimming.
